

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Sachi A. Hamai, Executive Officer
Clerk of the Board of Supervisors
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

Acting Director of Planning
Director of Parks and Recreation
Director of Public Works

At its meeting held May 9, 2006, the Board took the following action:

Supervisor Yaroslavsky made the following statement:

“The natural environment of Los Angeles County provides local residents and the metropolitan region with a wide range of recreational opportunities, including hiking, riding, and enjoyment of the region’s unique geography and scenic beauty. An integrated network of trails provides the foundation for this recreation potential and must be preserved and expanded.

“A first and important step toward this ultimate goal is the protection of existing trail easements. The County must ensure that there is strong coordination across multiple departments so that trail easements are identified and protected during the Department of Regional Planning’s development application review process for both ministerial and discretionary actions.”

Therefore, on motion of Supervisor Yaroslavsky, seconded by Supervisor Antonovich, unanimously carried, the Acting Director of Planning was instructed to work with the Directors of Parks and Recreation, Public Works, and other appropriate departments to:

1. Review the current process for locating and protecting existing trail easements during the Department of Regional Planning's development application review process;

2 (Continued)

2. Identify recommended measures to ensure that all existing trail easements are identified during the development review process, possibly including the development of a current Geographic Information System trail map overlay and/or requirements to verify the location of potentially impacted trail easements prior to receiving development approval; and
3. Report back to the Board within 45 days on a plan to implement recommendations.
